**Subject:** To Catch a Thief.....!

As a Community Announcement.....

Our annual 'Driveway Bandits' visited Midway (North West, Nobleton) early this morning, for the forth time, in the past five years!

The MO remains constant.....Always just prior to Christmas, often during a snowfall, between the hours of 1 AM and 6 AM, and the target is 'Goodies in Un-Locked vehicles'!

They pilfered one of our vehicles (no loss) but hit pay-dirt next door, removing \$2K of A/V equipment from their car, before stealing a 2005 BMW from directly across the street!

Please be vigilant for Adults (male and female!) walking the dog in the wee hours, sans dog! These people work from a vehicle, yet walk the streets checking Every car!

Feel free to tackle, restrain and abuse, while awaiting the authorities.

York Region PD attended this morning's festivities.

In summary.....LOCK everything, watch all pedestrians during the early morning hours, and document / report any odd behavior.

Best Regards.....Don Douglas
